Policy for Posting Nonprofit Volunteer Positions

In order for the New Mexico Society of CPAs to post a nonprofit or not-for-profit position free of charge on the Volunteer Connection page of the Society website, the following criteria must be met:

1. The organization must be located in New Mexico or have a local branch in New Mexico.
2. The advertisement must be for a volunteer, unpaid position.
3. The organization must be a 501(c)(3).
4. The organization must be “neutral” in nature and may not be directly affiliated with a political party or candidate.
5. Positions may be posted for up to 90 days. If the position is not filled, the organization may reapply for a free posting after 30 days.
6. The New Mexico Society of CPAs reserves the right to examine each request individually and only post positions on its website that it deems suitable.

Organizations that do not meet the above criteria for a free web posting may pay the current advertising rate and have their open position posted to the online classifieds job postings web page.
